Company

The **Nordum Akademie** is an independent company in the scope of **further education** and **consulting**. Since 1995 we offer to those, who appreciate a **modern** and **practice-oriented** further education, challenging programs on various topics.

- Topics:** ☼ environmental protection ☼ waste management ☼ quality management ☼ environ. analysis ☼ etc.
- Service:** ☼ Training ☼ e-Learning ☼ seminar ☼ workshop ☼ expertise
- Field of activity:** ☼ Germany ☼ Europe ☼ Asia ☼ Arab World ☼ South America
- Expertise:** ☼ 15 years experience ☼ university work ☼ PPP projects

Our company has **more than 10 years of experience** in planning, developing and managing in the field of **renewable energies**.

- Service:** ☼ technical and economic examination ☼ project planning ☼ agency ☼ management
- Field of activity:** ☼ wind energy ☼ solar energy ☼ biomass
- Expertise:** ☼ 15 years experience ☼ own wind turbines ☼ German WindEnergy Association

Due to our **20 years long experience in operating an environmental institute** and our over 15-years long activities in the field of further education, our company established a wide range of knowledge in the fields of environment and further education.

- Service:** ☼ know-how transfer ☼ quality management ☼ technology assessment
☼ applications for funding ☼ conceiving environ. laboratories ☼ business plan
- Expertise:** ☼ participation in notable environmental Committees
☼ consolidated knowledge in information technology
